IRON ORE LOCATED ON GREESON FARM

SPECIMEN ON DISPLAY AT CHAMBER OF COMMERCE.

IS IN LEDGE FORMATION

Court Greeson Brings some Extra fine Samples of Farm Products to C. of C. Rooms Also.

Iron ore, which will assay seventy per cent to the ton has been located on the farm of George Creeson, one half mile east of Graham. Mrs. Greeson took speciments of the rock and set it to the assayer of the Missouri state university to determine its value. The ore is found in ledge formations on the farm and the depth or extent of the vein is unknown. Mr. Greeson has made no attempt to have the vein examined but will do so later and if of sufficient value will have the mine worked.

Court Greeso, the son of Mr. Greeson brought a large speciment of the ore in to the Chamber of Commerce this morning where it is on display.

Young Greeson also brought in some other interesting specimens off the Greeson farm. There were two extra fine stalks of Reeds Yellow Dent corn with the perfectly filled ears attached two bundles rye which are the finest quality known to farmers and a bundle of blue grass which measured 5 ft. 8 inches long. He also brought two big fine apples which Secretary Pickens could not measure as he had no tape on hand, but neither will go thru the mouth of an extra large glass candy jar. The farm product specimens are the finest displayed at the Chamber of Commerce, which has an interesting exhibit on hand of Nodaway county's corn and grains.

EX-KAISER WILL SURRENDER—REPORTED TO HAVE STATED.

PRESIDENT FAVORS FORMAL CONCILIATION COMMITTEE

If Bi-Partisan Conference Fails Would Have Committee to Adjust Differences in Senate.

Washington, Jan. 28.—President Wilson now favors the appointment of a conciliation committee to adjust the treaty differences in the senate, it was announced at the White House today. If the formal bi-partisan conference tomorrow fails to reach a compromise it is expected the president will ask the administration senators to move for the appointment of a formal conciliation committee.

STATE INCOME TAX RETURNS ARE OUT

THE LEGISLATURE HAS INCREASED THE RATE OF TAXATION.

TO RAISE SIX MILLIONS

State Auditor Completed the Work of Mailing out Returns to Corporations and Individuals.

Jefferson City, Jan. 28.—State Auditor Hackman, Saturday completed the mailing out of 130,000 state income tax blanks to the county assessors, which are expected to yield the state almost $6,000,000 in revenue Calls have come in for an additional 30,000 blanks.

Under a revision of the state income ax act by the last session of the legislature every married person in the state with an income of $2,000 and every single person with an income of $1,000 during 1919 must file an income tax return.

The legislature also increased the rate of taxation from ½ to 1 per cent to 1½ per cent. A married person is allowed an exemption of $200 for each dependent child under 18 years.

Through the effort of Gov. Gardner the state auditor was furinshed a complete list of the persons who last year paid an income tax to the federal government. The list for each county have in turn been placed in the hands of the county assessor.

The tax returns must be filed with the assessor before March 1 or a penalty will be added. However, the tax does not have to be paid until any time up to and including June 1.

Of the blanks already mailed out, 30,000 of them are for corporations which are required to pay the same tax as an individual. The auditors office has established there are approximately 30 per cent as many corporations subject to the tax as individuals.

Under the income act, operative in 1919, when the rate of taxation was only one third as much as it is now and when the exemptions were twice as great, a total of $1,805,000 was placed on the tax books for collection However, a large part of this has never been collected because of a joker which was placed in the bill allowing individual and corporation a credit on taxes already paid. This joker has been removed from the present act and there will be no question about thecollection of the money.

The county assessors are allowed 25 cents for each return made to their officers.

Officers and employes of the state must pay the state income tax, but are exempt from the federal tax. Likewise federal officers and employes are exempt from the state act.

This has caused the puzzling question to rise as to whether railroad employes are subject to the state tax. One railroad man has raised the contention that he does not have to pay it because the railroad lines are under government control.

The question has been referred to Attorney General McAllister for an opinion.

WILL APPROPRIATE FUNDS FOR RELIEF OF EUROPE.

Washington, Jan. 28.—The President today sent to Secretary of Treasury Glass a letter urging that congress take immediate steps to pass the appropriation fo rthe relief of Europe "It is unthinkable to me that we should hold relief from those people," the President said.

Powhattan Safe in Port.

Halifax, Jan. 28.—The American transport Powhattan is safe in port today after being buffeted ten days by a gale on the high seas. The crew was in good shape.

SPECIAL INCOME TAX EXEMPTIONS

EVERY MARRIED OR UNMARRIED PERSON MUST FILE RETURN.

'SOLE SUPPORT' RULING

Person who Claims Exemption as Head of Family Must Qualify for it.

Unmarried men and women who are bread-winners for others are granted special exemptions on their earnings before figuring the income tax now being collected. Although a return must be filed by every unmarried person, and by every married person living apart from wife (or husband), who had a net income of $1,000 or more during 1919, recognition is made in the law of the home burdens carried by millions of such persons, and relief from excessive taxation is especially provided.

In addition to the ordinary personal exemption of $1,000, an additional exemption of $1,000 is granted to "heads of families"; and there is also provided an exemption of $200 for each dependent under 18 years of age or who is mentally or physically defective.

The $200 for each dependent may be claimed by any taxpayer who is the chief support of such dependent. This is not confined to dependents who are members of the family or relatives. On the other hand, it does not include servants or others who are earning their living. And it does not apply to the wife or husband of the married taxpayer, even though such person may have become a total burden.

It should be remembered that the person who claims exemption as "head of a family" must qualify for it. Two single persons who divide between them, more or less equally, the financial and other responsibilities of a household cannot claim that either one is the head of the family. But if a single person actually assumes the total responsibilities of the household and is aided by having one of his brothers or sisters support himself and contributing an amount that could not practically be considered mor than his board, such trivial circumstances must not be allowed to interfere with his clear claim for exemption.

A single person is the head of a family if by December 31 he had become the sole support of close relatives (by blood, marriage or adoption) living in the same house with him and looked upon by them to exercise a greater or less amount of control in the matters affecting the support and maintenance of the household.

The phrase "sole support" is here used in the sense that there is no other person to whom the dependents are looking for a substantial portion of their support. There may be another source of income (such as interest on bonds, dividends on stocks, pension) which, if meager enough to still leave the recipient dependent, should not interfere with the claim for exemption. Such meager income of dependents, as well as the inconsequential profit on th board of any self-supporting member of the household, must, however, be included in the return of the head of the household.

But a division of responsibility will in every case exclude the parties from the claim for the additional exemption. Article 302 of regulations 45 defines that a head of a family is "a person who actually supports and maintains in one household or more individuals who are closely connected with him by blood relationship, relationship by marriage, or by adoption, and whose rights to exercise family control and provide for those dependent individuals is based upon some moral or legal obligation."

Once the existence of the fact that a taxpayer is the principal cause for the creation or maintenance of a home is established it cannot be destroyed by his mere temporary or unavoidable absense from it. If a father is left with a young child to whom he cannot give the proper attention himself, and he places this child with relatives or elsewhere, he should still be considered the head of a family even if yet further force of circumstances would oblige him to live elsewhere; provided that he still exercised fatherly control over the well-being, education and filial feelings of the child, and did not (while furnishing support) allow the child to become a virtual orphan. If, however, without necessity the dependent continuously makes his home elsewhere, his benefactor is not the head of a family, irrespective of the question of support.

CITY OFFICERS ON LOOK OUT FOR BANK ROBBERS

Sheriff Dowden and Deputies Notified to Watch Roads from South for St. Joseph Burglars.

Sheriff John Dowden received word late yesterday afternoon to be on the look out for the robbers of the Mechanics State bank in St. Joseph, which took place about three o'clock yesterday afternoon. Sheriff Dowden and his deputies stationed themselves on different roads from St. Joseph but they were unable to find the party. It is thought the robbers left St. Joseph another way.

The bank was robbed of between $3,000 and $4,000 in currency and $5,000 in liberty bonds by five armed, unmasked white men. At the time of the robbery of the bank, there were seven men in the bank.

D. A. BLEDSOE WAS FOUND NOT GUILTY

GUILFORD MAN ACQUITTED ON THE CHARGE IN BOMB CASE.

O. J. BURNS CASE UP NOW

The Selection of a Jury Will Not be Completed Before Late This Afternoon.

The jury in the case of the state vs against D. A. Bledsoe brought in a verdict at three o'clock this afternoon in favor of Bledsoe. The verdict was "We, the jury find the defendant not guilty." Sherman Heflin was foreman of the jury. The jury was out about an hour and a half and it is understood several ballots were taken.

The jury in the Guilford bomb case in which D. A. Bledsoe of that community is charged with placing a bomb in a shock of fodder on the farm of Grant Richards, his brother-in-law, and at the explosion in which Richards sustained several injuries, went to the jury today at 12:30 o'clock after the arguments of the attorneys for the state and defense. The jury convened soon after they had dinner.

The case of O. J. Burns of Sedalia, who is charged with the robbery of the Jackson bank at Clearmont, was called in court this afternoon. There is a great deal of interest in this case. The bank was robbed in October and Liberty bonds and war savings stamps were taken to the amount of some $10,000. No registered bonds were taken, however. The same night the bank was robbed, the hardware store and the mercantile store were broken into. Telephone wires and also the telegraph instruments at the depot at Clearmont were put out of commission so as no communication could be had after the robbery.

The bonds taken from the bank were found in the possession of Burns at Sedalia and when he made an effort to dispose of them, he was arrested on the request of the secretary of the State Bankers association who lives in that city and who had the numbers of the bonds taken in the robbery. Burns claimed that strangers left the bonds with him for sale.

The defendant, Mr. Burns, is accompanied by his wife. There are several Sedalia men here to be used as witnesses in this city.

A venire of thirty men was called for the Burns case and the selection of the twelve trial jurors will not be completed before late this afternoon.

Prosecuting Attorney McCaffrey will be assisted in the prosecution of this case by Cook & Cummins, while C. C. Kelley of Sedalia and Shinabargar, Blagg & Ellison of this city are representing Burns.

The cases against Harold E. Gooden of Parnell will be tried next Monday. Gooden faces two sepaate charges of grand larcency and receiving stolen property and one charge of the alteration of automobile numbers.

Free Yourself From The Pangs of Rheumatism

The Right Treatment Will Break Your Shackles.

You who are afflicted with Rheumatism know from experience just how excrutiating the pangs of the disease are. You know also, if you have had rheumatism for any length of time that there is no real relief to be expected from the use of liniments and lotions.

Rheumatism is a stubborn disease, and its pangs and pains cannot be wiped out as if by magic. A disease that is so full of torture and renders so many people absolutely helpless, is a deep-seated one; it is not on the surface, hence it cannot be reached by external, surface remedies.

Lotions, liniments and ointments applied to the surface may in some cases deaden the pain for the time being, but until you attack the disease at its foundation, you are making no progress toward a cure. Many forms of Rheumatism are caused by millions of tiny germs that infest the blood, and until the blood is absolutely freed of these germs, there is no real relief in sight.

In fact the longer you delay treating the disease through the blood, the further you are getting from ridding yourself from the disease. And because so many people treat the pain, and not the disease itself, is one reason why Rheumatism increases in severity year by year.

The most satisfactory remedy for Rheumatism is S. S. S., because it is one of the most thorough blood purifiers known to medical science. This fine old remedy cleanses the blood of all impurities, and is a sure antidote to the germs of Rheumatism. Being purely vegetable, without a particle of mineral or chemical in its composition, it works by eliminating and forcing out of the blood all impurities, acting as a tonic to the entire system at the same time. It has been used for more than fifty years, and scores of sufferers from Rheumatism give it unstinted praise.

S. S. S. is sold by druggists everywhere, and any of them will tell you that it is a thoroughly honest and reliable old remedy. You are invited to write our medical department for full information and advice about the treatment of your own case, for which no charge is made. Address Chief Medical Adviser 12 Swift Laboratory, Atlanta, Ga.

The next meeting will be held at the home of Mr. and Mrs. E. B. Trullinger Thursday evening, February 12.

Club Women Study Drama.

"The Witching Hour," a drama by Augustus Thomas, formed the basis of study yesterday afternoon at a meeting of the Shakespeare department of the Twentieth Century Club, held at the home of Mrs. E. G. Grear. Roll call was answered with current events which was followed by an introduction of the author of the drama given by Mrs. Anderson Craig. A synopsis of the play, prepared by Mrs. E. B. Woodward was read by Mrs. Emmett Scott, Mrs Woodward being unable to be present. Mrs. J. C. White gave a character sketch of the play and the program concluded with a round table discussion led by Mrs. J. M. McDonald and Mrs. C. C. Leeson. There is but one more literary meeting in this club year and a committee composed of Mrs. C. C. Leeson, Mrs. A. Nell Somerville and Mrs. J. M. McDonald, was appointed to map out a program of study for next year.

Attracting Much Attention.

Miss Ora Barmann of this city, the daughter of Mr. and Mrs. Frank Barmann, who has been visiting at Washington, D. C., for the past six weeks, the guest of Senor Salvador Sol, minister from Salvador, Central America, and Mme. Sol, has been having a round of social pleasures and courtesies that seldom fall to the lot of even a favored visiting guest. At present Miss Barmann is quite ill with influenza, and as soon as she is able to travel, is expected home, and will not go on to visit her sister, Mrs. Edgar Schilder, at Syracuse, N. Y., as she had planned. The Sunday edition of the Washington Star carried a large picture of Miss Barmann, who is one of the most attractive and charming girls in this city. During her stay she has met the most prominent people in the diplomatic and congressional sets. At a round of legation teas Miss Barmann has been an honored guest, and at one of the largest charity balls of the season when Admiral Jellicoe was the guest of honor. The Sols with a party of friends, including Miss Barmann, occupied a box, and the guest from Missouri was favored with a great deal of attention from everyone on that night. Last week Miss Barmann had an unusual bit of social honor in assisting her hosts in entertaining delegates to the Pan-American congress, the first gathering of its kind to be held in several years.

Mrs. Colbert to Entertain.

MIRRO ALUMINUM
Convex Kettle

That there is great economy in the purchase of Mirro Aluminum, no woman doubts who has ever used it. Mirro wears for years. And it is a remarkable saver of fuel. Designed for convenience, too.

Note, for instance, the many features of convenience in this Mirro Aluminum Convex Kettle:

(1) Handle-rest ears hold bail in three positions and prevent it from coming in contact with sides of Kettle. (2) Tightly rolled, sanitary bead, free from dirt-catching crevice.

(3) Insert cover prevents boiling over. (4) Bead of cover upturned, thus protected against steam and liquid. (5) Rivetless, noburn, ebonized knob, an exclusive Mirro feature.

(6) Convex sides prevent contents from pouring off when liquid is being drained. (7) The famous Mirro finish.

(8) Famous Mirro trade-mark stamped into the bottom of every piece, and your guarantee of quality throughout.

This handsome Mirro Kettle is but one of many beautiful Mirro Aluminum utensils on display in this store. Our salespeople will be happy to show them to you, and to demonstrate their exceptional convenience and utility.

Goodyear Leadership— and Tires for Small Cars

Enormous resources and scrupulous care have produced in Goodyear Tires for small cars a high relative value not exceeded even in the famous Goodyear Cords on the world's highest-priced automobiles.

In addition to its larger sizes, Goodyear manufactures an average of 20,000 small car tires a day in the world's largest tire factory devoted solely to the 30x3-, 30x3½-, and 31x4-inch sizes.

Last year more small cars using these sizes were factory-equipped with Goodyear Tires than with any other kind.

Their extreme worth is available for your Ford, Chevrolet, Dort, Maxwell, or other small car, at the nearest Goodyear Service Station. Go there for these tires and Goodyear Heavy Tourist Tubes.

30x3½ Goodyear Double-Cure Fabric, All-Weather Tread $20.00

30x3½ Goodyear Single-Cure Fabric, Anti-Skid Tread $17.65

Goodyear Heavy Tourist Tubes are built to protect casings. Why endanger a good casing with a cheap tube? Goodyear Heavy Tourist Tubes cost little more than tubes of less merit. 30x3½ size *in waterproof bag* $3.90

Play at "Irish Fair."

The play schedule as the February program for the Shakespeare department of the Twentieth Century club will be cancelled for that date and in stead will be presented at the 'Irish Fair, an entertainment to be given by the club on March 17, the anniversary of the club's organization. The play is to be given by Mrs. F. H. Metzler, Mrs. C. C. Leeson and Miss Grace Langan.

"Y" at M. U. is now 30 Years Old.

Columbia, Mo.—Graduates of the University of Missouri for the last three decades will recall with pleasure memories of the service of the Young Men's Christian association of the university, which has just passed its thirtieth birthday. On January 18,1890, group of university men met in the old union literary hall and formed an association to take care of the religious needs of the university men. Many of the members of that group have since become famous. In 1891 a building and a lot were bought. The old stone house was repaired and or fifteen years served as headqaurters for the association.

The campaign for a new building was begun in 1904, and the cornerstone of the present large stone structure was laid in 1906. The building was opened for occupancy in the fall of 1909, and since then has served as a center for student activities and as the meeting place for more than hundred student organizations. The scope of the work of the "Y" has grown from year to year, so that now it is the recognized employment bureau for student labor and has charge of the listing of rooming houses for men, besides carrying on its regular social and religious work.

1800 Pound Hog Brings $7,500

Peoria, Ill.,—A record price for a high was paid here by A. W. Perrin, farmer, by Harold Starge, when he gave Perrin $7,500 for a single porker. The hog is a yearling and weighs 1,800 pounds. It measured five feet four inches from tip to tip.

Pershing to Join Law Fraternity.

Columbia, Mo.,—General John J. Pershing has accepted honorary membership in Phi Alpha Delta, an honorary law fraternity in the University of Missouri. The offer was made to the distinguished Missourian early in the present school year. Recently a letter was received from that he would accept membership. It is planned to initiate him when he comes to the University in the spring to receive the honorary degree of LL. D.

SHOE MANUFACTURER MADE HIS FORTUNE IN "MULES"

Boston,—K. M. Stone, of New York, who is attending the shoe convention here, has made a fortune in "mules", but not the braying variety. The mules in which he deals are blackless budoir slippers that have been popular the last four or five years.

From a "shoestring" of less than a thousand dollars when he started in business in 1912, Mr. Stone has built four factories, two in Brooklyn, one in New York City, and one in Gloversville Ind.

"It all came from the mules," he said, "for it was upon them that the business was founded."

Brocades which are procured largely from Japan are now difficult to get owing to labor difficulties in that country, according to Mr. Stone.

BETTER THAN CALOMEL

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive-colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel.

The pleasant little tablets do the good that calomel does, but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "logy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 10c and 25c

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

20c and 60c jars; hospital size $2.50.

Missouri Housekeepers

Oakwood, Mo.—"For thirty-five years Dr. Pierce's remedies have been my household standby. Several times when I have been worn out with overwork and the care of my family I have been wonderfully strengthened by taking Dr. Pierce's Favorite Prescription and I first discovered the value of Dr. Pierce's Golden Medical Discovery when my first baby was six months old. I caught a heavy cold and then nursing-sore-mouth developed. The doctors all failed me and as a last resort I tried the 'Golden Medical Discovery.' I improved from the very start and because it built up my strength so easily I kept on taking it until I had taken six bottles.

"When my daughters were developing into womanhood they found 'Favorite Prescription' of special value. We are all most enthusiastic in praise of Dr. Pierce's remedies and gladly recommend them."—MRS. EMMA CLARK, R. F. D. Box 135.

St. Louis, Mo.—"I take pleasure in recommending Dr. Pierce's Pleasant Pellets as a safe and perfectly reliable laxative to give to little folks. I have been giving these 'Pellets' to my children from the time they were three years of age whenever they have become constipated or showed signs of inactive liver, and these 'Pellets' have always given prompt and satisfactory results. I have no difficulty whatever in getting the children to take them; they are so mild and easy to take."—MRS. ELSIE SPRUESTERBACH, 1211 Papin Ave.
